

SCHEDULE "B"

<u>Years</u>		<u>Value per yard</u>
2005-2010	-	\$.025 per yard (Two and one half cents per yard)
2011-2013	-	\$.05 per yard (Five cents per yard)
2016 – Closure	-	\$.10 per yard (Ten cents per yard)

AMENDMENT OF MARCH 25, 2013:

It is hereby agreed by the undersigned that the rates listed immediately above shall continue to apply to the existing cells and shall also apply to Cell 1 and Cell 2 and that the rates listed below shall apply ONLY to the Valley Fill Area. It is the intent of the parties that, while there already underway only limited construction of the Valley Fill Area for the purpose of installing piping required for the disposal site, there will be a rate established at \$.0125 (One and One-Quarter Cents) per yard for the Valley Fill Area which will remain in effect until construction commences for "fill use," meaning any construction of the Valley Fill Area other than the aforementioned limited pipe installation. It is expressly agreed that Cell 2 and Cell 1 are to be constructed and used BEFORE the Valley Fill Area is to be constructed for "fill use." After construction of the Valley Fill Area for "fill use" commences, then the applicable rates for the Valley Fill Area will be the same as the rates previously negotiated and set forth above with respect to the remainder of the disposal site. Accordingly, the following are the rates that will apply to the Valley Fill Area:

<u>Years</u>	<u>Value per yard</u>
During the period prior to construction for "fill use":	\$.0125 (One and One-Quarter cents per yard)
From the beginning of Construction for "fill use" to December 31, 2015, if applicable:	\$.05 per yard (Five cents per yard)
From January 1, 2016 to Closure:	\$.10 per yard (Ten cents per yard)

Note Bene: If construction of the Valley Fill Area for fill use begins after January 1, 2016, the rate will go directly from \$.0125 to \$.10 per yard (Ten cents per yard).

IN WITNESS WHEREOF, the parties hereto have signed this Amendment to the March 10, 2004 Municipal Host Agreement this March __, 2013.
