From Supervisor Rick Savage's Desk

June has arrived after a wonderful May that featured summer-like weather. The highway and Park's Departments have been hard at work sprucing up your streets and Parks, and I applaud their efforts.

We wish all of Alden's College and High School graduates much success as they enter into the next steps in their lives, whether starting a career or furthering their education.

With the end of the school year, our summer recreation program will be in high gear. If you haven't signed your children up for the various classes and programs put together by Recreation Director Dan Moultrup, there will be a sign up day on Saturday, June 9, 2018, at the Community Center on West Main from 9:00 am- 12:00 noon. Swimming lessons, Activity Hours, Arts and Crafts, Dance, Drama, Skate Park, and Games are some of the fun offerings. Of course, helmets are mandatory and no bikes are allowed in the "skate at your own risk" Skate Park. Our Kiddie wading pool will also open daily 11-6 this month, beginning June 25th (weather permitting).

Have a safe and fun summer!

Highway Department Summer Work

With summer upon us, Highway Super, Bill Rogers has laid out the major projects for his Department. They will be paving Boncliff Drive and a portion of Cary Road, as well as, culvert installations and drainage projects.

Summer Concert Series

Village Memorial Park
7:00 - 9:00pm

- 7/11/18 *Akron/Alden Community Band*

- 8/15/18 *"Elvis" Terry Buchwald*
- 8/22/18 *The Leftovers* (Irish Band)
- 8/29/18 *Joe and the Shmoes* (classic rock)

Summer Time...Pool Time

We all complained about the cold spring; well Mother Nature, heard us and provided us some tropical temperatures. With the hot weather come the pleas for swimming pools. The Building Department reminds everyone who purchases the portable/storable pools that permits may be required. Permits are required for any pool over 2 feet deep. Additionally, these pools require a 4 foot barrier {fence} and a locking gate that swings outward. If the pool has a filter system it must be connect to a ground fault {GFI} outlet. For more information, call the Building Department @ 937-6969 ext 4.
