From Supervisor Rick Savage's Desk

I, as I am sure you do, welcome March as the harbinger of Spring. The Senior/Community kitchen remodel has been completed and looks great. The new tables and chairs, also a part of the CDBG grant we received are in place, and the Park's Supervisor, Andy Sojka, is painting the large meeting room.

I recently received great news for the town when Moody's Investors Service notified my office that they have reviewed and raised the Town's bond rating from A1 to Aa3 indicating " Strong operating performance drives the town's very strong financial position, a trend likely to continue the town's track record of conservative budgeting". My hat is off to all Department heads and employees who work hard to keep the town within or under budget allocations.

The design of the new Alaura Drive sewage treatment plant has been forwarded to NYSDEC and to NYSEFC for their review and comment. We also have been notified by EFC that the Town is eligible for project financing through them, which may further reduce the cost of the project. Our Town Code has been completely reviewed and changes made as were needed. We will have a public hearing in the near future to go over the changes, and when adopted by the Town Board, the code will be made available online. The paper version is set up in a 3 ring binder which will reduce costs of future updating.

AARP Safe Driving Course

The AARP Smart Driver™ course, offered by AARP Driver Safety, is the nation's first and largest refresher course designed specifically for drivers age 50 and older.

For more than 35 years, the course has taught over 16 million drivers proven safety strategies so they can continue driving safely for as long as possible. Over nine in 10 course participants report changing at least

one key driving behavior for the better as a result of what they learned in the course and over eight in ten

participants felt that information they learned in the course has prevented them from being in a crash. Plus, you may be eligible to receive an insurance discount upon completing the course, so consult your insurance agent for details.

Answer to Alden History Quiz (c) Lyman K. Bass - In 1865, Bass ran against Grover Cleveland and was narrowly elected district attorney for Erie County. He served in this role from 1865 to 1872. He was re-nominated in 1871, but declined to accept. In 1870, he was an unsuccessful Republican candidate for election to the Forty-second Congress. Bass was elected as a Republican U. S. Representative for the thirty-first district of New York to the Forty-third; and as Representative for the thirty-second district to the Forty-fourth Congresses. He served from March 4, 1873 to March 3, 1877. Because of ill health, he declined to be a candidate for re-nomination in 1876.

While in congress, Bass made a name for himself while serving on the House Committee on Expenditures in the War Department. During his time on the committee, it looked into spending by Secretary of War, William Worth Belknap. In addition, Bass served on the Committee on Railways and Canals as well as the Joint Select Committee to Inquire into the Affairs of the District of Columbia. On June 22, 1874, President Ulysses S. Grant nominated Bass to be Assistant Secretary of the Treasury. He was confirmed by the Senate, but declined the position.
