MYCHAJLIW PROMISES TO FIGHT POLONCARZ DICTATORIAL PLAN ON VACCINES AND EXCELSIOR PASS

Believes lawsuits will overturn tyrannical proposal to allow fans in for Bills and Sabres games only if they're vaccinated and carry an Excelsior pass

(Buffalo) – Power hungry politicians reached new levels of COVID craziness by trying to ban you from Bills and Sabres games without a vaccine. Mark Poloncarz cares more about clinging to power and control than your health. Lawsuits will hopefully top this latest dictatorial scheme to control your behavior. While the County Executive cares deeply about making sure his COVID overtime gravy train continues to chug along for his political appointees, he just gave a massive middle finger to the Bills, Sabres, and fans. Mark Poloncarz should spend less time killing businesses, ruining our economy, and destroying the dreams of die-hard Bills fans watching games in person again. I'll do whatever it takes to stop his insatiable thirst for control and put an end to his dictator madness.
