

Local research sites are looking for people currently living with someone who has COVID-19 to volunteer in the REGN-COV2 investigational medicine study for COVID-19

You may be compensated up to \$4,875 for your participation.

You may qualify to participate if you:

Are at least 18 years old

Have a household member that recently tested positive within the last 3 days or suspect they may have COVID-19

Are currently not hospitalized, OR have not been previously hospitalized due to COVID-19

Site Name

University at Buffalo

Contact Info

**Kelly Green, CRC
(Phone): 716-888-4764**

Contact your local research site or complete a brief online screener at ClinLife.com/COVID to see if you qualify.
