Site Name: Wide Beach

March 20, 2012

Site No. 915119 **Tax Map No.** 281.06-1-[multiple], 281.07-1-4.1, 281.07-1-5, 281.07-1-1, 281.07-1-3.1

Site Location: Wide Beach Community, Brant, NY 14027 Erie County

EE

Inactive Hazardous Waste Disposal Site Delist Notice

The Inactive Hazardous Waste Disposal Site Program (the State Superfund Program) is the State's program for identifying, investigating, and cleaning up sites where the disposal of hazardous waste may present a threat to public health and/or the environment. The New York State Department of Environmental Conservation (Department) maintains a list of these sites in the Registry of Inactive Hazardous Waste Disposal Sites (the "Registry"). The Department has determined that this site (see map on reverse side) no longer presents a threat to public health or the environment and is proposing to delist the site from the Registry for the following reason(s):

Historic application of oil to control dust on roadways within the community contaminated roads, driveways, soil, and adjacent wetlands with Polychlorinated Biphenyls (PCBs). In 1985, the US Environmental Protection Agency (EPA) issued a Record of Decision for the site calling for excavation of soil containing PCBs exceeding 10 parts per million (ppm), onsite chemical/thermal treatment of excavated soil, and the reuse of treated soil containing less than 2 ppm PCBs for backfill. The treated soil lacked the necessary physical properties to serve as backfill under roadways and could not support vegetation and was removed and replaced with imported backfill.

Some residual PCB concentrations remain, specifically at those properties that did not qualify for soil removal and potentially at depth on those properties where remediation occurred. While some properties may have residual concentrations of PCBs in soil, the levels are low and limited in extent. The remedy has addressed human exposure concerns.

Public comments are being received before the decision to remove the site from the Registry is finalized. The public comment period will end April 30, 2012. If you would like to provide us with written comments, please send them to: Michael Cruden, Director, Remedial Bureau E, NYS Department of Environmental Conservation, 625 Broadway, 12th Floor, Albany, NY 12233-7017; mjcruden@gw.dec.state.ny.us; or to submit by phone, call 518-402-9814.

A summary of any comments will be assembled and made available for viewing at our Central Office at 625 Broadway, Albany, NY 12233-7017.

If we do not receive any new or additional information during this public comment period that changes our delist proposal, we will delist the site on or after May 21, 2012.

If you own property adjacent to this site and are renting or leasing your property to someone else, please share this information with them. If you no longer wish to be on the contact list for this site or otherwise need to correct our records, please contact the Department's Project Manager listed above.

FOR MORE INFORMATION

Additional information about this site can be found using the Department's "Environmental Site Remediation Database Search" engine which is located on the internet at: www.dec.ny.gov/cfm/xtapps/derexternal/index.cfm?pageid=3

The Department is sending you this notice in accordance with Environmental Conservation Law Article 27, Title 13 and its companion regulation (6 NYCRR 375-2.7(b)(6)(ii)) which requires the Department to notify all parties on the contact list for this site of this recent action.

Receive Site Updates by Email

Have site information such as this public notice sent right to your email inbox. NYSDEC invites you to sign up with one or more contaminated sites county email listservs available at the following web page: www.dec.ny.gov/chemical/61092.html . It's *quick*, it's *free*, and it will help keep you *better informed*.

As a listserv member, you will periodically receive site-related information/announcements for all contaminated sites in the county(ies) you select.

You may continue also to receive paper copies of site information for a time after you sign up with a county listserv, until the transition to electronic distribution is complete.

Note: Please disregard if you received this notice by way of a county email listserv.
