

THE SENATE
STATE OF NEW YORK
ALBANY 12247

PATRICK M. GALLIVAN

ECLEG MAR27'12 AM10:47

R+F

February 21, 2012

Robert M. Graber
Clerk of the Legislature
Erie County
92 Franklin Street
Buffalo, NY 14202

Dear Mr. Graber,

My office is in receipt of a Legislature of Erie County Resolution dated January 26, 2012 regarding upgrading New York State's electric transmission line infrastructure and stabilizing employment at existing power plants.

Thank you for sharing the Legislature of Erie County's view on this important issue. Investing in New York State's energy infrastructure will have a tremendous impact on the economy and self sufficiency of the state.

I understand that the option for importing power has become a point of contention for many Western New Yorkers. That is why I am cosponsoring a bill introduced by Senator Maziarz, Chair of the Energy and Telecommunications Committee, to stop the project proposed by the Canadian developer that builds a cable by-passing New York State transmission lines.

Please do not hesitate to contact my office should you have any additional information or concerns in regard to this or any other matter.

Sincerely,

Patrick M. Gallivan
Senator, 59th District
