**Re: Personal Services Adjustments
Special Medicaid Investigator and Department of Social Services' Fiscal Unit**

Dear Honorable Members:

When I took office, I signed an executive order creating a Medicaid Anti-Fraud Task Force to study the potential for the County conducting provider anti-fraud activities (auditing and investigations) in the Medicaid program, the single-largest expense in Erie County government.

In furtherance of this executive order, my administration has been in discussions with the New York State Office of the Medicaid Inspector General ("OMIG") concerning this initiative. Based on our discussions, OMIG has agreed to partner with the County on a provider anti-fraud initiative and to provide funding for three (3) positions.

This unit will serve to lower and help contain the cost of Medicaid through the active investigation of fraud and the subsequent recovery of illegally obtained Medicaid funds. The public presence of the unit will also serve to act as a deterrent to future waste, fraud or abuse.

Accordingly, the Erie County Department of Law, where the positions will be budgeted is requesting authorization to create three (3) positions: Confidential Investigator, job group 17, Senior Special Investigator, job group 10, and Confidential Aide, job group 6. These positions will be fully paid for through State money from OMIG and the New York State Office of Temporary and Disability Assistance. There is no local share.

In addition, I would like to strengthen the operation of the Department of Social Services ("DSS") fiscal unit. As you are aware there was a recent significant revenue accrual error made by the DSS fiscal unit in 2011 that has since been corrected. This error and other personnel issues in that unit have led my administration and Social Services Commissioner Carol Dankert to determine that additional senior oversight of all financial matters in the Department of Social Services is necessary. Annually the fiscal unit monitors over \$564 million in direct spending along with an associated \$260 million in revenue and DSS administers nearly \$3 billion in client benefits.

along with an associated \$260 million in revenue and DSS administers nearly \$3 billion in client benefits.

Accordingly, I am requesting approval to delete the vacant title of Assistant Deputy Commissioner-Social Svc. RPT and to add the position of Senior Executive Assistant-CE, job group 18, step 5 whose new incumbent will oversee the DSS fiscal unit. This position will be budgeted in the Division of Budget and Management but its incumbent will oversee all fiscal matters in DSS and report through the Commissioner of Social Services and the Director of Budget and Management. The position will be eligible for State Aid reimbursement.

If your Honorable Body requires further information, please contact County Attorney Michael Siragusa and/or Director of Budget and Management Robert Keating. Thank you for your consideration.

Sincerely,

Mark C. Poloncarz, Esq.

MEMORANDUM

To: Erie County Legislature
From: Department of Law and Division of Budget and Management
Re: Personal Services Adjustments - Special Medicaid Investigator and Department of Social Services' Fiscal Unit
Date: June 18, 2012

SUMMARY

Authorization is requested to create three (3) positions in the Department of Law to establish an auditing/investigation unit for provider-level Medicaid fraud: Confidential Investigator, job group 17, Senior Special Investigator, job group 10, and Confidential Aide, job group 6. These positions will be fully paid through State Aid funds from the New York State Office of the Medicaid Inspector General. There is no local share. Authorization to enter into contract and accept OMIG funds to support this initiative is included in the resolution.

Authorization is also requested to delete the vacant title of Assistant Deputy Commissioner-Social Svc. RPT in DSS and to add the position of Senior Executive Assistant-CE, job group 18, step 5 whose new incumbent will oversee the DSS fiscal unit. The annualized local share salary for this position is \$33,439.

FISCAL IMPLICATIONS

The Medicaid special investigator positions will be fully paid for through State money from OMIG. Annualized total salary and fringe expense is \$253,875. There is no local share required.

This unit will serve to lower and help contain the cost of Medicaid through the active investigation of waste, abuse and fraud and the subsequent recovery of improperly obtained Medicaid funds. The public presence of the unit will also serve to act as a deterrent to future abuse.

The DSS fiscal unit position will be funded through the deletion of the vacant JG 15 Assistant Deputy Commissioner position and vacancy savings. Annualized salary and fringe expense is \$158,760. The total annualized local share salary expense is \$33,439.

REASONS FOR RECOMMENDATION

In June 2009, the Office of Erie County Comptroller Mark C. Poloncarz issued a report examining Erie County's Medicaid anti-fraud initiatives. That report found that despite various mechanisms available for the County via the State to participate in provider-level Medicaid anti-fraud endeavors, the County was not doing so.

The County Executive has determined that the County should work with OMIG and other parties (such as the New York State Attorney General's Medicaid Fraud Control Unit and anti-

fraud vendors) to audit and investigate potential provider fraud and abuse in the Medicaid program which costs the federal, state and county governments more than \$1 billion annually in Erie. OMIG will fund the salaries and benefits of three new employees to conduct a project.

In addition, recently, there was a significant revenue accrual error made by the DSS fiscal unit. This error and other personnel issues in that unit have led my administration to determine that special senior oversight of all financial matters in DSS is necessary. Annually the fiscal unit monitors over \$564 million in direct spending along with an associated \$260 million in revenue and DSS administers nearly \$3 billion in client benefits. The new position will strengthen the operation of the fiscal unit.

CONSEQUENCES OF NEGATIVE ACTION

The County will not audit or investigate Medicaid providers in Erie County government and the potential for waste, fraud and abuse will continue. DSS funding and revenue streams are extremely complex. A higher level of accounting and fiscal oversight and attention is essential to maximize funding and avoid costly errors. If the DSS fiscal unit position is not created, there is a potential that fiscal errors with dire financial consequences for the County may occur.

STEPS FOLLOWING APPROVAL

The Department of Law and the Division of Budget and Management will work with the Department of Personnel to implement the request to create the positions.
