Award of Construction Contract and Contract for Engineering and Construction  
Inspection Services  
Rehabilitation of Miscellaneous Bridges and Culverts - 2012  
Various Towns - Erie County Project No. BR –MISC5-12**

Dear Honorable Members:

Transmitted herewith are copies of bid tabulations for six (6) bidders on the above noted project indicating the low bidder is Nichols, Long and Moore Construction Company. We recommend that a contract be awarded to the low bidder, being a responsible contractor, at its bid of \$293,683.00. Additionally, we recommend a contract with Clough Harbour Associates LLP for project construction inspection services in the amount of \$55,000.00.

Should your Honorable Body require further information, I encourage you to contact Commissioner John C. Loffredo at the Department of Public Works. Thank you for your consideration on this matter.

Sincerely,

Mark C. Poloncarz, Esq.

**To:** Honorable Members of the Erie County Legislature  
**From:** Department of Public Works/Office of the Commissioner  
**Re:** Award of Construction Contract and for Engineering &  
Construction Inspection Services  
Rehabilitation of Miscellaneous Bridges and Culverts - 2012  
Various Towns - Erie County Project No. BR -MISC5-12  
**Date:** June 25, 2012

---

### **SUMMARY**

Award of Contracts to Nichols Long and Moore Construction Company for the Rehabilitation of Miscellaneous Bridges and Culverts, various Towns, as noted below, and Clough Harbour Associates LLP for construction inspection services with the County of Erie. The project includes the structural rehabilitation of five (5) bridges/culverts throughout Erie County:

- Central Ave.(CR 57) Town of Lancaster – Storm pipe replacement
- Sweet Home Road Bridge (BR 171-1), Town of Amherst – Wingwall repair
- Lake Ave. Culvert (BR 200-1B), Village of Blasdell – Replacement of top slab of culvert
- Borden Road Bridge (BR 322-1), Town of Cheektowaga – Repair of concrete surfaces; sidewalk, curb and fascia along with bridge rail repairs.
- Cayuga Creek Road (BR 527-2), Town of Alden – Replacement of wingwalls and headwall.

### **FISCAL IMPLICATIONS**

The attached proposed resolution requests that \$293,683.00, be allocated from 2012 Preservation of Bridges and Culverts Program (SAP Account B.12008). Additionally, we are requesting \$55,000.00 from 2012 Preservation of Bridges and Culverts Program (SAP Account B.12008) be allocated for consultant construction inspection services and \$30,000.00 as a construction contingency.

### **REASONS FOR RECOMMENDATION**

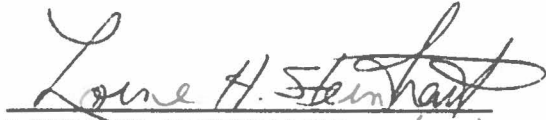

The County has 294 bridges averaging approximately 50 years in age. The County is addressing prior years' lack of capital investment in the maintenance, repair, and reconstruction of County bridges which has precipitated the erosion of many of these bridges. It is necessary that this approval be granted, so that the contract be awarded to allow the Contractor to begin construction as soon as possible.

### **BACKGROUND INFORMATION**

The Miscellaneous Bridge and Culvert Rehabilitation Project is recommended for approval because of the age and deteriorating condition of existing structures. The project was bid on June 21, 2012.

## COMPTROLLER'S OFFICE REVIEW

The proposed legislation has been reviewed by the Office of the Comptroller and is related to an authorized capital project for which there will be sufficient funding once the 2012 bonds are sold. This project is included in the agreed upon list of 2012 projects to advance.
