**RE: Buffalo Niagara Convention Center
Meeting Rooms Asbestos Abatement**

Dear Honorable Members:

The Department of Public Works will be receiving bids for the subject project on July 10, 2012. Based on the schedule of events at the facility, the optimal time to execute this project is during the summer months. Legislative authorization is required for the County Executive to enter into a construction contract with the lowest responsible bidder and based upon the Legislature's summer recess, the County Executive is requesting authorization to award a contract to the lowest responsible bidder so construction may proceed during the summer.

Should your Honorable Body require further information, I encourage you to contact Commissioner John C. Loffredo at the Department of Public Works. Thank you for your consideration on this matter.

Sincerely,

Mark. C. Poloncarz, Esq.
Erie County Executive

Re: Buffalo Niagara Convention Center
Meeting Rooms Asbestos Abatement
Date: June 26, 2012

SUMMARY

This resolution is seeking authorization for the County Executive to enter into a contract with the lowest responsible bidder for an amount not to exceed \$220,000.00. This will allow for the abatement work to be done during the summer months when there are fewer events at the Buffalo Niagara Convention Center.

FISCAL IMPLICATIONS

Funds for the project are currently available from the approved and adopted 2011 County Budget, SAP project account: A.11003 - 2011- Countywide Code and Environmental Compliance

REASON FOR RECOMMENDATION

The carpet is being replaced in the Meeting Rooms on the north and south ends of the first floor. The removal of the existing carpet and original VCT floor tile revealed mastic that contains ACM materials which must be abated.

BACKGROUND INFORMATION

In order to replace carpet in the meeting rooms, the existing floor tile mastic must be abated. All work must be performed this summer during the lowest schedule of Convention Center use.

CONSEQUENCES OF NEGATIVE ACTION

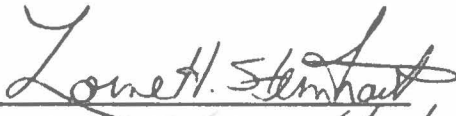

If the existing floor tile and mastic is not abated, the existing carpet cannot be replaced and will continue to wear and become a health, safety and tripping hazard.

STEPS FOLLOWING APPROVAL

Upon Legislative approval, a contract will be entered into with the lowest responsible bidder.

COMPTROLLER'S OFFICE REVIEW

The proposed legislation has been reviewed by the Comptroller's Office and is related to an authorized capital project for which there are sufficient appropriations for the action proposed.
