RE: Buffalo Niagara Convention Center – Electric Vault Repairs

Dear Honorable Members:

This resolution is seeking authorization for the County Executive to enter into a contract with the lowest responsible bidder for electrical vault repairs at the Buffalo Niagara Convention Center. Bids were received by the Department of Public Works on June 21, 2012 and a copy of the bid tabulations is attached for your reference.

Should your Honorable Body require further information, I encourage you to contact John C. Loffredo at the Department of Public Works. Thank you for your consideration on this matter.

Sincerely,

Mark. C. Poloncarz, Esq.

To: Honorable Members of the Erie County Legislature
From: Department of Public Works
Re: Buffalo Niagara Convention Center – Electrical Vault Repairs
Date: June 26, 2012

SUMMARY

The County has been notified by National Grid that major structural deficiencies exist in the sidewalk electrical vaults and the walls are crumbling. If not immediately corrected, National Grid may have to turn off the building's power. This resolution is requesting the Legislature's authorization for the County Executive to enter into a contract with the lowest responsible bidder so the work can begin.

FISCAL IMPLICATIONS

Funds for the project are available from the 2007, 2008, 2009, 2010, and 2012 approved capital budgets, SAP Projects: A.00306 – 2007, A.00320 – 2008, A.20916 – 2009, A.21004 – 2010, all Buffalo Convention Center, A.12003 – 2012, Countywide Environmental Code Compliance

REASON FOR RECOMMENDATION

The County has been notified by National Grid of structural deficiencies in the electrical vault, and if not corrected National Grid may have to turn off the electrical service to the building. This would preclude having any events at the Buffalo Niagara Convention Center and loss of revenue to Erie County.

BACKGROUND INFORMATION

The existing steel beams and supporting walls under Pearl Street have deteriorated to the point where the vault could collapse and National Grid will have to turn off power to the building resulting in cancellation of events at the Buffalo Niagara Convention Center and loss of revenue to Erie County.

CONSEQUENCES OF NEGATIVE ACTION

The electrical service vault supporting beams and walls will continue to deteriorate to the point where they will collapse and National Grid will turn off power to the building.

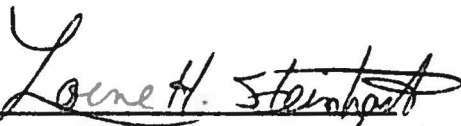

STEPS FOLLOWING APPROVAL

A contract will be entered into by the County Executive with the lowest responsible bidder so the electrical vault corrective work can begin.

COMPTROLLER'S OFFICE REVIEW

For bonds previously sold, the proposed legislation has been reviewed by the Comptroller's Office and is related to an authorized capital project for which there are sufficient appropriations for the action proposed.

For proposed 2012 bonds, the proposed legislation has been reviewed by the Office of the Comptroller and is related to an authorized capital project for which there will be sufficient funding once the 2012 bonds are sold. This project is included in the agreed upon list of 2012 projects to advance.
