## **OVERVIEW**

Per section 303-b of New York Agriculture and Markets Law, the Erie County Legislature set the month of September as the annual 30-day period to consider property owner requests for predominately viable agricultural land to be added to an agricultural district.

Section 303-b requires the Erie County Agricultural and Farmland Protection Board (AFPB) to report to the Erie County Legislature with its recommendations as to whether the land requested to be included in an agricultural district:

- consists of viable agricultural land as defined in 301(7) of New York Agriculture and Markets Law; and
- would serve the public interest by assisting in maintaining a viable agricultural industry within the district.

## **PROPERTY OWNER REQUESTS**

During the 2021 open enrollment period, the AFPB received 27 applications for the inclusion of 48 total parcels into Erie County's existing Agricultural Districts. The AFPB considered the requests and based their recommendations upon Agricultural District Law, which states that parcels to be included in agricultural districts must be "land highly suitable for agricultural production" and which "serve the public interest by assisting in maintain a viable agricultural industry within the district".

Each parcel requested for inclusion was analyzed in detail by the AFPB. Erie County staff has identified soil types and suitability for agriculture, type of operation, whether the parcel is owner-operated or rented, gross sales, surrounding land use, eligibility for agricultural assessment, consistency with zoning, local and regional planning documents, proximity to existing agricultural districts, and eligibility for inclusion pursuant to Article 25AA of Agriculture & Markets Law. This data is provided in the matrix included as Attachment 28.

During the 2021 open enrollment period, the AFPB received 27 applications for the potential inclusion of 48 parcels. Information on these parcels and the APFB's recommendation are outlined in Table 1.

**SIGNATURE**

I attest that I am the legal owner of the above properties and that the above information is correct to the best of my knowledge and hereby officially request that my property, which is **predominantly viable agricultural land**, be included in the Agricultural District Program. I recognize that such land, once officially included in the Agricultural District Program, may not be removed from this program until the eight-year review period for the Agricultural District in which my land is placed. I understand that this is not an application for an agricultural tax assessment. I also acknowledge that this request is subject to a public hearing; review by the Erie County Agriculture and Farmland Protection Board; action by the Erie County Legislature; and certification by the NYS Department of Agriculture and Markets.
