COUNTY OF ERIE

LOCAL LAW INTRO. NO. 7-1 - 2020

LOCAL LAW NO. ___ - 2020

A LOCAL LAW updating and reforming Erie County's Requirements for Lowest Responsible Bidding on County Construction Projects and Repealing and Replacing Local Law 1-2009 in its entirety.

Be it enacted by the Erie County Legislature as follows:

Section 1. Legislative Intent.

The Erie County Legislature hereby finds, declares and determines that:

- A. New York General Municipal Law Section 103 requires that all contracts entered into by the County of Erie for public work involving an expenditure of more than thirty-five thousand dollars (\$35,000) shall be awarded to the lowest responsible bidder.
- B. Taxpayers have a strong interest in an effective screening process to ensure that appropriate contractors be awarded public works contracts. A thorough evaluation process ensures that the taxpayers get a proper return on their investment and that qualified contractors are awarded bids.
- C. General Municipal Law § 103(15)(a) recognizes the need for this process and provides that municipalities, such as the County of Erie, may establish guidelines governing the qualifications of bidders seeking to bid or enter into such contracts.
- D. By enacting this Local Law, the County of Erie seeks to establish such guidelines in order to assure the prudent and economical use of public moneys for the benefit of all the inhabitants of the County.

Section 2. Short Title.

This Local Law shall be known as "the Erie County Lowest Responsible Bidder Law".

Section 3. Applicability.

This Local Law shall apply to County of Erie construction projects, defined herein, in excess of \$35,000 and advertised for bids on or after the effective date of this Local Law.

Section 4. Definitions.

- A. "The County of Erie" or "County" as used herein shall include the political subdivision known as the County of Erie as well as those County Departments responsible for letting public works contracts.
- B. "Bidder" or "bidders" as used herein shall include individuals, companies, partnerships or other entities that respond to requests for bids issued by the County of Erie.

C. “Construction Projects” as used herein shall mean projects with a value in excess of \$35,000 where the County of Erie is a direct or indirect party to the contract which includes more than an incidental amount of construction type activity intended to benefit the public, including all work which is necessary, incidental or connected with the execution of the contract which is performed by construction workers. A public entity need not be party to the construction contract. A construction contract includes: projects that the County of Erie funds directly, projects that the County of Erie funds indirectly by providing funds to a separate entity to perform the construction type activity; privately financed construction projects specifically built with the intent of leasing them to any Department of the County of Erie government; and construction projects built under the County of Erie’s direction and later paid for with County of Erie funds.

D. “Commissioner” as used herein shall mean the Commissioner of the County of Erie Department that is requesting bids and/or his or her designee.

E. “Responsible” or “responsibility” as used herein means the financial ability, legal capacity, integrity, past performance of a business entity and compliance with applicable laws and regulations and as such terms have been interpreted relative to public procurements.

F. “Responsive” as used herein means a bidder meeting the minimum specifications or requirements as prescribed in the request for bids.

G. “Responsibility Questionnaire” shall mean the current the New York Vendor Responsibility Questionnaire For-Profit Construction (CCA-2), as maintained by the New York Office of the State Comptroller, and as may be amended from time to time, which requires all bidders to answer questions demonstrating their financial ability, legal capacity, integrity, past performance on municipal contracts and compliance with applicable laws and regulations. Such Questionnaire shall be affirmed by a principal of the bidder.

Section 5. Requirements.

A. By submitting bids in response to solicitations from the County of Erie, all bidders and sub-bidders (including sub-sub bidders) for construction projects funded by the County of Erie, acknowledge the terms and conditions of this Local Law and agree that they shall comply with the obligations of this Local Law.

B. In addition to the bid response, all bidders shall complete and submit a Responsibility Questionnaire as defined in Section 4 so that the County can evaluate the financial responsibility and organizational capacity of the bidder; the bidder’s legal authority to do business in this County and State; the integrity of the owners, officers, principals, members and contract managers and the past performance of the bidder on prior municipal or public contracts. The completed Responsibility Questionnaire must be submitted with the bid.

C. Failure to submit the completed Responsibility Questionnaire with the bid documents shall render the bid non-responsive and the bid shall not be considered by the Commissioner.

Section 6. Procedure.

- A. Bids for construction projects to which this Local Law applies shall be advertised in accordance with the requirements of the General Municipal Law and other applicable State and Local Laws. Such advertisement shall set forth the request for bids and shall set forth the deadline for submission and the time and place of the public opening of the bids.
- B. The Commissioner, or his or her designee, shall distribute to all bidders a copy of this Local Law and the Responsibility Questionnaire referenced above. Distribution of the aforementioned documents shall be deemed effectuated when delivered in the same manner as the request for bids and any associated documents. The submission of a bid shall establish that the bidder received all necessary documents, including but not limited to, the Responsibility Questionnaire.
- C. Only Bids accompanied by the Responsibility Questionnaire and all other necessary documentation will be considered by the Commissioner and or his or her designee.
- D. All bids received shall be publicly opened and read at the time and place so specified in the advertisement for bids and the identity of all bidders shall be publicly disclosed at the time and place so specified. The apparent lowest bidder shall be announced at that time.
- E. Commencing on the date of the bid opening and lasting for ten (10) calendar days thereafter, there shall be a public comment period during which members of the public may submit information relative to any such bidder to the Commissioner. The Commissioner shall acknowledge receipt of such information, and provide a written response prior to the final determination of bidder responsibility.
- F. After review of the bid documents, the information collected pursuant to this and other Local Laws, New York State Law, applicable rules and regulations, consideration of the information provided in the Responsibility Questionnaire and of the financial ability, legal capacity, integrity, past performance of the bidder and compliance with applicable laws and regulations, the Commissioner shall determine if the apparent lowest bidder is responsible.
- H. If the amount of the lowest responsible bidder appears disproportionately low when compared with estimates undertaken by or on behalf of the County of Erie, and/or compared to other bids submitted (10% or greater disparity), the County reserves the right to inquire further of the apparent lowest bidder to determine whether the bid contains mathematical errors, omissions and/or erroneous assumptions, and whether the apparent lowest bidder has the capability to perform and complete the contract for the bid amount.
- I. If the apparent lowest bidder is deemed responsible by the Commissioner, such low bidder will be notified, as soon as is practicable.
- J. At least five (5) business days prior to the award of the contract to the low bidder, the Commissioner shall post on the Erie County Website a listing of the three apparent lowest bidders for the work.

Section 7. Non-Responsibility Determination.

A. If, after review of the bid documents, the information collected pursuant to this and other Local Laws, New York State Law, applicable rules and regulations, consideration of the information provided in the Responsibility Questionnaire and of the financial ability, legal capacity, integrity, past performance of the bidder and compliance with applicable laws and regulations, the Commissioner makes a provisional determination that the apparent lowest bidder is deemed not to be responsible, the provisions of subdivisions C-E herein shall apply.

B. In the event the bidder is found to have falsified information on a submitted Responsibility Questionnaire or if the bidder fails to properly disclose information that would call into question the financial ability, legal capacity, integrity, or past performance of the business entity, the Commissioner shall make a provisional determination that the bidder is not responsible subject to the provisions of subdivisions C-E herein.

C. Not less than five (5) business days prior to any final determination that the apparent lowest bidder is not responsible, the County shall notify the affected bidder of the same, in writing, stating the reasons therefore and setting forth a time, date and place for the apparent lowest bidder to appear and be heard on the issue of non-responsibility. Mailing via first class mail to the address provided by bidder shall constitute sufficient service of the notice.

D. At the date, time and place set forth above, the bidder may appear in person, with or without counsel or via affidavit. After due consideration, the Commissioner shall make a determination with regard to responsibility. Such determination may be appealed pursuant to the CPLR.

E. If the apparent lowest bidder is deemed not to be responsible, then the next lowest bidder will be reviewed and so on until the lowest bidder is deemed responsible and selected as the lowest responsible bidder. The Commissioner reserves the right to award the contract to the bidder determined to be the lowest responsible bidder or to reject all bids and rebid the contract in accordance with the General Municipal Law.

Section 8. Ongoing Responsibility.

A. The Contractor shall at all times during the Contract term remain responsible. The Contractor agrees, if requested by the Commissioner or his or her designee, to present evidence of its continuing legal authority to do business in New York State, integrity, experience, ability, prior performance, and organizational and financial capacity.

B. Any resident of Erie County who has reason to believe that an awarded contractor is not responsible, may submit to the Commissioner evidence as to why the contractor or subcontractor is not responsible. The Commissioner shall acknowledge receipt of such evidence, and provide a written response within fifteen (15) calendar days.

C. The Commissioner may, upon receipt of such information, conduct a further investigation into whether or not the contractor is responsible and prior to making any determination of non-responsibility shall proceed in accordance with the process set forth in Section 7 above.

Section 9. Sanctions.

A. Any contractor or subcontractor, its alter ego or control group, or principal officer who has, after the opportunity to be heard as set forth above, been determined by the Commissioner to be non-responsible, shall be barred from bidding on contracts for the County of Erie for a period of six months for the first violation. In the event the bidder subsequently fails to comply with the provisions of this Local Law on future bids, it may be subject to additional penalties, including prohibition against work on County contracts for three years for the second violation, and permanently for the third violation.

Section 10. Emergency.

A. Notwithstanding the provisions of this Local Law, in the case of a public emergency arising out of an accident or any other unforeseen occurrence or condition whereby circumstances affecting public buildings, public property or the life, health, safety or property of the inhabitants of the County of Erie, which requires immediate action which cannot await competitive bidding or competitive offering, contracts for public work may be let by the appropriate officer, board or agency of the County of Erie without competitive bidding and as it otherwise deems appropriate.

Section 11. Severability.

If any clause, sentence, paragraph, subdivision, section or part of this Local Law or the application thereof, to any person, individual, corporation, firm, partnership, entity or circumstance, shall be adjudged by any court of competent jurisdiction to be invalid or unconstitutional such order of judgment shall not affect, impair, or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, subdivision, section or part of this Local Law or in its application to the person, individual, corporation, firm, partnership, entity, or circumstance directly involved in the controversy in which such judgment or order shall be rendered.

Section 12. Effective Date.

This Local Law shall take effect 30 days after the filing with the Secretary of State, in accordance with Section 27 of the New York State Municipal Home Rule Law.

WHEREAS, currently, 42.3 million Americans have “Direct” federal loans and PLUS education (college) loans which were guaranteed and backed by the federal government and a total of 45 million borrowers are carrying around \$1.6 trillion in student loan debt; and

WHEREAS, one in 10 loans are in delinquency or default and the US Federal Reserve estimates the typical monthly loan payment for borrowers to be between \$200 and \$299; and

WHEREAS, the US Federal Reserve’s recent Survey of Consumer Finances report noted that the nearly \$1.6 trillion of student debt continued to be the largest source, in dollar terms, of non-mortgage debt owed by American families; and

WHEREAS, due to COVID-19, Federal student loans have been in automatic forbearance, accruing zero interest for nine months now, and the US Department of Education has granted the over 40 million Americans who have Direct federal loans a one month extension of forbearance through January 31, 2021; and

WHEREAS, the current federal forbearance period does not apply to private loans, which make up 7.9% of all outstanding student loan debt, meaning they are still accruing interest; and

WHEREAS, since 2007, the federal government has maintained several limited student loan forgiveness/discharge programs, including the Teacher Loan Forgiveness program, the Public Service Loan Forgiveness program, and the Total and Permanent Disability (TPD) Discharge program; and

WHEREAS, while President-Elect Joseph Biden has not committed to any specific action on student loans, he is expected to further continue the freeze on payments and interest before considering his campaign policy education loan goals, which included: help for undergraduate borrowers who earn \$25,000 or less; automatic enrollment in the income-based repayment program; changes to the taxation of debt forgiveness, and the possible cancellation of up to \$10,000 in debt for students who work in national or community service; and

WHEREAS, Alan Collinge, who leads a grassroots campaign called Student Loan Justice, argues that canceling student loan debt would be a major boost to the economy, especially for younger people who cannot start families, start businesses, and purchase homes due to student loan debt; and

WHEREAS, Democratic leaders in Congress are preparing legislation to forgive up to \$50,000 in student debt per borrower for people making less than \$125,000 a year as part of a plan to help stimulate the economy; and it is not clear if the Democratic plan would cover all student loans or just federal student loans and whether the plan would cover graduate student loans or undergraduate loans only; and

WHEREAS, if such legislation cannot be approved in Congress, Senator Charles Schumer and Senator Elizabeth Warren are urging President-Elect Biden to provide relief through an executive order, citing the Higher Education Act of 1965 that they say gives the president the authority to forgive student loans without Congressional approval; and

WHEREAS, as the economic recession caused by COVID-19 continues and the unemployment rate remains high, consideration of Federal proposals to provide student loan forgiveness should be considered to help struggling Americans and to help stimulate the economy.

NOW, THEREFORE, BE IT

RESOLVED, the Erie County Legislature hereby expresses its support for federal legislation or a presidential executive order to forgive up to \$50,000 in federal and private student loan debt for those persons earning under \$125,000 per year; and be it further

RESOLVED, that this Honorable Body notes and calls for federal action to address the massive \$1.6 trillion in student loan debt borne by 45 million Americans as such a financial burden is crippling and does not support a robust and thriving economy; and be it further

RESOLVED, that certified copies of this resolution be transmitted to the President, to the President-Elect, to US Senators Mitch McConnell and Charles Schumer, and to US Representatives Nancy Pelosi, Brian Higgins, Christopher Jacobs and Kevin McCarthy.
(4-2) Legislators Mills and Lorigo voted in the negative.

RESOLUTION NO. 19

RE: Support for the Protecting Rural
Access to Care Act
(INTRO. 3-3)

**A RESOLUTION TO BE SUBMITTED BY
LEGISLATOR MILLS**

WHEREAS, the Protecting Rural Access to Care Act (the Act) has been introduced by Congressman Antonio Delgado (D-NY) and Congresswoman Elise Stefanik (R-NY), and later sponsored by Congressman Chris Jacobs (R-NY), to attempt to protect small and rural hospitals across the United States like the Bertrand Chaffee Hospital in Springville; and

WHEREAS, the Act secures the Critical Access Hospital (CAH) status of smaller hospitals. CAH status, in turn, provides qualifying hospitals with higher reimbursement levels from the Centers for Medicare and Medicaid Services (CMS) based on the need to provide medical services to our rural communities; and

WHEREAS, Bertrand Chaffee Hospital provides quality health care services to the thousands of residents living in Erie County’s southern tier. In 2015, CMS changed guidelines as to how

funding was to be provided to hospitals based on their proximity to other health care service providers. Based on these changes and the recent influx of high-care COVID patients, many rural hospitals are unable to continue operating; and

WHEREAS, the Protecting Rural Access to Care Act would restore the pre-2015 distance standard permanently for Critical Access Hospitals certified prior to 2015, require CMS to engage in public notice and comment period for any future guidance or regulation changes made to the designation criteria for CAHs; and ensure that hospitals seeking CAH certification or recertification will be subject to the pre-2015 standard, unless any formal update to distance criteria is finalized; and

WHEREAS, without these additional without additional dollars provided by this act, already struggling rural hospitals will be forced to continue to cut back care and many have to close despite the outstanding work they have done during the course of the pandemic.

NOW, THEREFORE, BE IT

RESOLVED, that this honorable body hereby urges the U.S. House of Representatives to take action and approve the Protecting Rural Access to Care Act to protect funding for rural hospitals both here in Erie County and across the nation; and be it further

RESOLVED, that certified copies of this resolution be sent to Bertrand Chaffee Hospital, Congressman Antonio Delgado (D-NY), Congresswoman Elise Stefanik (R-NY), Congressman Chris Jacobs (R-NY), and Congressman Brian Higgins (D-NY), and any other party deemed necessary and proper.

WHEREAS, Erie County's Department of Health has stated its capacity for delivering vaccinations is 2,200 injections per day; and

WHEREAS, Erie County is currently receiving 1,700 COVID-19 Vaccine doses per week. At this rate, Erie County will not see all of its residents vaccinated until 2031; and

WHEREAS, Erie County is currently expecting to spend the next batch of doses to catch up to the appointments that were cancelled due to lack of supply meaning a longer wait for those who have not already applied; and

WHEREAS, failure on the part of the federal government and New York State has led to confusion and anger from residents who were scheduled to receive their first round of vaccinations; and

WHEREAS, communication regarding the availability of the COVID-19 vaccine, or lack thereof, is a significant factor in the anger and disappointment faced by residents locally who have seen appointments made and cancelled on them.

NOW, THEREFORE, BE IT

RESOLUTION NO. 21

RE: Calling for More COVID-19
Vaccine Doses to be Provided to
Erie County and All Counties
(INTRO. 3-5)

**A RESOLUTION TO BE SUBMITTED BY
LEGISLATORS CHIMERA, HARDWICK, BASKIN,
MEYERS, GILMOUR, JOHNSON & VINAL**

WHEREAS, there is a shortage of available COVID-19 vaccine doses available in Erie County for eligible persons; and

WHEREAS, Erie County, which has been administering some of the vaccine sites, has been forced to cancel or postpone vaccine appointments of eligible persons due to a lack of vaccine doses available as provided by New York State, with the County Executive stating “It's kind of out of our hands,” since Erie County receives its supply from the State; and

WHEREAS, since January 4, 2021, while the Erie County Department of Health has administered 17,628 first doses and 715 second doses, due to a lack of available doses, vaccination appointments during the week of January 23rd were cancelled; and

WHEREAS, the County Executive reported on January 29, 2021 that based on data “provided to the Erie County Executive’s Office by NYS, as of January 28, 72,633 first doses have been administered to Phase 1A and 1B eligible Erie County residents, not including the doses administered by the long-term care nursing facility program. This total is equal to 8.0% of Erie County’s estimated 2019 population of 918,702”; and

WHEREAS, other counties have also reported difficulty obtaining doses and have had to cancel or not schedule appointments; and

WHEREAS, the Erie County Department of Health is working to reschedule previously canceled COVID vaccination appointments, and will begin contacting people early this week, and begin administering doses on February 4th and 5th, with the number of persons to be vaccinated depending on how many vaccines the county receives from the state; and

WHEREAS, at an Erie County Legislature Health and Human Services Committee meeting on January 28, 2021, Erie County Health Commissioner Gale Burstein stated that Erie County currently receives 1,700 vaccines from the State each week, and added that the New York State Department of Health has issued highly specific and prescriptive directives on which persons can administer the vaccines, such as directing pharmacies to vaccinate seniors and ordering the County not to vaccinate any person aged 65 and older; and

WHEREAS, on January 29th, the County Executive stated that 8.3% of all county residents had received the first dose of the COVID-19 vaccine and 86% of eligible nursing home residents had received the first dose and 36% had also received the second dose; and

WHEREAS, one of the other problems hindering more vaccinations appears to be the federal allocation of Pfizer-BioNtech and Moderna vaccines to the state government, which oversees how many doses go to hospitals, pharmacies and other vaccination sites; and

WHEREAS, the pool of 7.1 million New Yorkers initially eligible for vaccinations has far outpaced the supply of COVID vaccines from the federal government (2.2 million doses); and

WHEREAS, Commissioner Burstein has lamented and noted that there is a national vaccine shortage as well; and

WHEREAS, healthcare leaders in New York have stated that the COVID-19 vaccine rollout in New York has been plagued by supply shortages, miscommunication and unpredictable deliveries as state and federal officials struggle to streamline the dire push to end the coronavirus pandemic; and

WHEREAS, the Erie County Legislature desires to get as many vaccine doses into as many persons possible, as quickly and safely as possible, to protect the public.

NOW, THEREFORE, BE IT

RESOLVED, that the Erie County Legislature calls on the state and federal governments to work as expeditiously as possible to speed up the delivery of vaccine doses to county governments and other health care providers, such as pharmacies and healthcare providers; and be it further

RESOLVED, that this Honorable Body requests improved coordination with county governments as partners to administer more COVID vaccine doses; and be it further

RESOLVED, that this Honorable Body calls for the allocation of more COVID vaccine doses to New York State as quickly as possible to assist in vaccinating the public; and be it further

RESOLVED, that certified copies of this resolution be transmitted to the President, the Acting Secretary of the US Department of Health and Human Services, the Governor, the State Health Commissioner, the Erie County Executive and the Erie County Commissioner of Health.

RESOLUTION NO. 22

RE: Calling for Investigation into
Reports of Misleading COVID-
19 Death Count at NYS Nursing
Homes
(INTRO. 3-6)

**A RESOLUTION TO BE SUBMITTED BY
LEGISLATOR LORIGO, GREENE, TODARO & MILLS**

WHEREAS, as of January 18, 2021 New York State officially reported 8,671 deaths from COVID-19 in long-term-care facilities, the majority of which, 8,469, occurred in nursing homes; and

WHEREAS, during the early months of the pandemic, Governor Cuomo ordered nursing home patients infected with COVID-19 to remain in nursing homes. This decision turned out to be catastrophic for many the residents who ultimately succumbed to the disease, and the many more who contracted COVID-19 as a result; and

WHEREAS, facing backlash for the decision, the governor reversed the policy and let patients be transferred to hospitals for treatment; and

WHEREAS, the Department of Health's stated policy then became to only count deaths that occur while the person was on nursing home property as a COVID-19 death regardless of where the patient contracted COVID-19 or their health upon leaving the nursing home. Patients who were transferred out of a nursing home due to COVID-19 complications and died, whether on the way to, or at, the hospital from their disease were not counted as a nursing home death; and

WHEREAS, based on allegations that the administration engaged in improper recording of nursing home deaths to lessen the blame for the decision to leave nursing home residents infected with COVID at the homes, the Office of the Attorney General sought to review how deaths of nursing home residents were classified; and

WHEREAS, due to concerns about the nature of the reporting of the deaths of COVID-19 - positive nursing home patients after they had been admitted to hospitals, the Office of the New York State Attorney General sought to review how deaths of nursing home residents were classified by the State; and

WHEREAS, according to the Attorney General's report, New York State's Department of Health reported fewer total overall deaths of residents dying in nursing home facilities from COVID-19 than were self-reported to the Office of the Attorney General by the nursing homes themselves; and

WHEREAS, the Attorney General further reported a substantial divergence in the total number of nursing home residents who died of COVID-19, irrespective of whether the death occurred at a nursing home or any other location. The report showed 50% fewer deaths reported by the Department of Health when compared to self-reporting of nursing homes for this investigation; and

WHEREAS, members of the community have a right to receive accurate and timely public health information and the State Attorney General's investigation indicates that the State did not accurately track positive COVID cases in nursing homes, as well as the deaths of nursing home patients after admission to hospitals due to COVID-positivity.

NOW, THEREFORE, BE IT

RESOLVED, that this honorable body decries the lack of transparency on behalf of New York State in the classification of fatalities related to COVID-19 deaths in nursing homes; and be it further

RESOLVED, that this honorable body further urges the New York State Legislature to hold a full investigation into these allegations to determine who is ultimately responsible for the undercounting of COVID-19 deaths in New York's nursing homes; and be it further

RESOLVED, that certified copies of this resolution be sent to the Western New York Delegation to the New York State Senate and Assembly, Attorney General Letitia James, Governor Andrew Cuomo, and any other party deemed necessary and proper.

MR. MEYERS moved to amend the resolution. MR. LORIGO seconded.

CARRIED UNANIMOUSLY.

Delete the Sixth (6th) Whereas Clause in its Entirety and Replace with the Following:

WHEREAS, due to concerns about the nature of the reporting of the deaths of COVID-19 - positive nursing home patients after they had been admitted to hospitals, the Office of the New York State Attorney General sought to review how deaths of nursing home residents were classified by the State; and

Delete the Tenth (10th) Whereas Clause in its Entirety and Replace with the Following:

WHEREAS, members of the community have a right to receive accurate and timely public health information and the State Attorney General's investigation indicates that the State did not accurately track positive COVID cases in nursing homes, as well as the deaths of nursing home patients after admission to hospitals due to COVID-positivity.

Delete the Second (2nd) Resolve Clause in its Entirety and Replace with the Following:

RESOLVED, that this Honorable Body recognizes that the misreporting of COVID-19 cases in, and deaths of nursing home patients by the State of New York may have created a lower sense of severity about the virus' deadly impact in nursing homes and placed people in jeopardy and cost lives; and be it further

Delete the Fourth (4th) Resolve Clause in its Entirety and Replace with the Following:

RESOLVED, that this Honorable Body urges the New York State Legislature to conduct a full bipartisan investigation into these allegations to determine responsibility for the under-counting of COVID-19 nursing home patient deaths and the impact of that under-reporting, as well as offer recommendations for new measures to ensure this situation does not occur again; and be it further

Re: Opinion as to Form - Local Law Intro. No. 7-1-2020
Our File No.: 28-20200065

Dear Chairwoman Baskin:

In accordance with the obligations of the Erie County Attorney set forth in Article 2, Section 204(3) of the Erie County Charter, this legal opinion concerns Local Law Intro. No. 7-1-2020 (hereinafter referred to as "LL 7-1").

Preemption

Under New York State law, preemption occurs when a local law directly conflicts with a state statute, or where a state statute expressly states that local laws on a given subject matter are preempted. Preemption can also occur where the State Legislature has assumed full regulatory responsibility in a field related to the proposed local law.

With respect to the proposed underlying local law, New York State General Municipal Law §103(15)(a) specifically authorizes certain political subdivisions charged with awarding public works contracts to establish guidelines governing the qualifications of prospective

bidders. Therefore, LL 7-1 is specifically authorized in this manner and there are no preemption issues.

Grammar and Intent

The purpose of LL 7-1 is to ensure a strong screening process whereby bidders are thoroughly and effectively vetted prior to award of an Erie County public works contract. The establishment of guidelines regarding bidder qualifications will help ensure that taxpayers receive a proper return on their investment and that responsible contractors are selected to perform the work. We find the grammar and usage of LL 7-1 sufficient to achieve the stated purpose.

Ambiguities

While every hypothetical circumstance or eventuality cannot be addressed in the scope of this opinion, LL 7-1 does not present any facial ambiguities that would frustrate its implementation and enforcement. In fact, this update helps alleviate the inconsistencies in the prior version of the local law that hindered enforcement.

Conclusion

We find that the Local Law Intro. 7-1-2020 is sufficient as to form.

Very truly yours,

MICHAEL A. SIRAGUSA
