Hon. Stefan I. Mychajliw  
Erie County Comptroller

Buffalo, New York 14202

**RE: Taxpayer Checkbook for Covid19 Expenses**

Dear Comptroller Mychajliw:

Thank you for expanding the "Taxpayer's Checkbook" section of your website to include expenses that specifically relate to the fund our honorable body established for Covid19. This information is helpful to us as legislators and it provides a level of transparency that taxpayers deserve. There are a number of expenses listed on the most recent report that we believe require further transparency or clarification.

Specifically, we are interested in obtaining further information about Covid19 expenses related to the County's imprest fund, food purchases and contracts with individuals for professional services.

Your report indicates that as of July 10, 2020 \$95,668.84 has been spent from the imprest fund. The Legislature has asked for your office to break down the expenses of the county-wide imprest fund in the past. From those reports we know that imprest funds include a variety of expenditures that might not fit one specific category. Therefore, we think it is important to have a breakdown of those specific expenditures within the Covid19 imprest fund. We are also concerned about the large amount of money spent on purchasing food. We would like to know what was ordered, who ordered it and for what purpose. Lastly, there are several individuals that were offered professional service contracts. With so many county employees at home not working or recently laid off, we would like to see what those contracts entailed.

Thank you for your attention to these questions. We look forward to your response. If you have any questions regarding our request, please contact our legislative staff.

Sincerely,

  
Hon. Joseph C. Lorigo  
Minority Leader

## **A RESOLUTION TO BE SUBMITTED BY LEGISLATORS MILLS, LORIGO, GREENE, AND TODARO**

### **Re: Second Request for Information from 43 North on their Administration of the Back to Business Relief Program**

WHEREAS, on October 22, 2020, a bipartisan group of legislators passed Intro. 19-3 (2020) requesting a full accounting of the Back to Business program expenses no later than January 15, 2021; and

WHEREAS, the request was to include the name of the applicant/business owner regardless of whether or not they received a grant, the name and address of the business, the type of business, the grant amount applied for, the grant amount awarded, a written reason for any applications that were denied or did not receive a grant award, the date of the grant award or the date of the decision to deny a grant application, the date the grant application was received, and the score or rating the application received; and

WHEREAS, 43 North Submitted, in partnership with the County Executive, submitted a report to the Legislature missing some key portions of the request contained in the original resolution; and

WHEREAS, this resolution is a follow-up to Intro. 19-3 (2020) and is again asking for information to be submitted to the Legislature.

NOW, THEREFORE, BE IT

RESOLVED, that this honorable body hereby issues a second request for the following information:

- The name of applicant/business owner regardless of whether or not they received a grant;
- The grant amount applied for and the grant amount awarded;
- A written reason for any applications that were denied or did not receive grant;
- The date of the grant award or date of decisions to deny a grant application;
- The date the grant application was received;
- The score/rating the application received; and, be it further

**RESOLVED**, that certified copies of this resolution shall be delivered to Erie County Executive Mark C. Poloncarz, Erie County Comptroller Stefan I. Mychajliw, Jr., 43 North President Colleen Heidinger, 43 North Chief Financial Officer Adam Petrie, and the Deputy Inspector General of the United States Department of the Treasury Richard K. Delmar.

Fiscal Impact: None for Resolution

## COUNTY OF ERIE

**MARK C. POLONCARZ**

COUNTY EXECUTIVE

January 29, 2021

The Honorable Stefan Mychajliw  
Erie County Comptroller  
95 Franklin Street, Eleventh Floor  
Buffalo, New York 14202

**Re: Erie County Back to Business Grant Program Materials**

Dear Comptroller Mychajliw:

I am recently in receipt of previously undisclosed data from 43North SP1 LLC related to letters you sent to President Colleen Heidinger on January 11<sup>th</sup>, 2021, December 16<sup>th</sup> 2020, and December 9<sup>th</sup>, 2020. In consultation with 43North SP1 LLC, the County Executive's Office, the County Attorney's Office, and the Department of Environment and Planning, this letter and the attached documents serve as our best effort to provide information and answers to the questions you pose.

Some of the information that is being provided may be highly confidential, subject to a variety of State and Federal privacy laws, and improper disclosure of such information may subject the County of Erie and yourself to liability. For example, the disclosure of records from 43North SP 1 LLC to Erie County may be subject to certain restrictions set forth in the Fair Credit Reporting Act ("FCRA"). See 15 U.S.C. § 1681 et. seq. The Back to Business grant applications may constitute "consumer reports" as they include financial and other sensitive personal information gathered in connection with making a determination of an individual's credit worthiness or otherwise evaluating financial responsibility. Under the FCRA, a person who has been found to unlawfully disclose or use a consumer report may have to pay actual and punitive damages, and in extreme cases, could face criminal liability. We ask that you consult with the County Attorney before any public dissemination of this information.

- **"Please provide the list of applicants that did not receive grants through the program, and the reason for not receiving a grant."**
  - The attached spreadsheet lists all the applicants who did not receive grants. Applicants were not funded for a variety of reasons. These reasons include but are not limited to ineligibility, inconsistencies in the application, missing documentation, criminal violations, financial risk signals, low score, and more. Full details on eligibility requirements can be found on page 7 & 9 of the publicly available Erie County Back to Business Program Report sent to the Erie County Legislature on December 28<sup>th</sup>, 2020. Information on the verification check process can be found on pages 10 & 11 of the Back to Business Program Report and information on the scoring system can be found on pages 11, 12 & 13 of the Back to Business Program Report. Please note that a field denoting

why each applicant was not funded is not included because of the potentially serious harm that could come to a business's reputation and revenue if that information were to be made public. In addition, the specific reason for non-funding was not disclosed to the individual applicant. Finally, the spreadsheet includes some redacted fields under "Corporate Legal Name" and "Company DBA". This is because in some instances, business owners used their confidential individual Social Security Number as their official "Corporate Legal Name" or "Company DBA."

- **"Please provide definitions used in the application and selection process."**
  - These definitions can be found on page 10 & 11 of the Back to Business Program Report.
- **"Please also provide any language for any clawback provisions associated with this grant."**
  - Clawback provisions were included with every Coronavirus Relief Fund program contract issued by Erie County. The clawback provision for the Back to Business Program is as follows:

*"In the event that the U.S. Treasury or other federal agency/division finds that 43North's use of any funds as applied to those specific items listed in Appendix I was not authorized by the CARES Act or this Agreement, or that 43North received advancement or reimbursement of funds from the County to cover expenditures included in Appendix I that are not Eligible Expenses or were otherwise in violation of the CARES Act, or were otherwise unlawful, 43North acknowledges and agrees that, upon demand made the County, it shall be solely responsible for paying/refunding/reimbursing the amount of such funds to the County."*

This contract is available online publicly at <https://onbase.erie.gov/PublicAccess/PublicAccessProvider.ashx?action=ViewDocument&overlay=Print&overrideFormat=PDF>

In addition, grant recipients agreed to the following clawback provisions:

*"The Parties agree that where 43North and the COUNTY may rely upon the certification of the BUSINESS that such expenses which BUSINESS used the Grant proceeds met the minimum requirements of the CARES Act, and where the Office of the Inspector General, or any other person, official, or department which is charged with the auditing and review of expenditures of CARES Act Funds determines that such use was not permitted under the CARES Act, BUSINESS agrees to indemnify, reimburse and make whole 43North and the COUNTY for any funds which the United States Government or its agencies seeks to recoup or collect, either by litigation, or by withholding other federal funds owed to the COUNTY. BUSINESS further agrees to indemnify, reimburse, or make whole the 43North and the COUNTY for any penalties associated with the federal government seeking to recoup the expended CARES ACT funds which the COUNTY disbursed to BUSINESS including interest, attorney's fees or any penalty provided by law."*

*"If, however, the BUSINESS does not comply with this Agreement the COUNTY may seek partial or full repayment of the Grant. No interest shall accrue on this Grant."*

*"Failure to provide records may result in the denial of 43North's or the COUNTY's approval of the use of the Grant proceeds. In circumstances where the use of the Grant proceeds has been granted and the records are needed to justify the use to the Office of the Inspector General or any other office, official, or department which may later become responsible for auditing disbursements of CARES Act Funds, failure by BUSINESS to provide these records, for any reason in a timely fashion, including the prior destruction of these records, shall constitute a breach of this Agreement. The sole and exclusive remedy for such a breach is that BUSINESS shall be responsible for repayment of any portion of the Grant proceeds which the Office of Inspector General, or its successor, finds improper, unsupported, or unable to be verified. Additionally, BUSINESS agrees to indemnify 43North and the COUNTY or make the COUNTY whole for any penalty assessed against the COUNTY based upon BUSINESS's failure to retain or provide records for the period provided in 7.1."*

A copy of the Applicant Agreement is also attached.

- **"Can a business claim grant money and then simply shut down?"**
  - Yes. Unfortunately, not every business that receives a Back to Business grant is guaranteed to survive the COVID-19 economy. So long as the business's expenditures are appropriate and occurred during the period covered by the Coronavirus Relief Fund, they are CARES Act compliant.
- **"Please provide information that would provide justification for media outlets and law firms receiving Back to Business grants."**
  - Nearly all businesses outside of certain categories were eligible to apply for grants. Those categories can be found on page 15 of the Back to Business Report. Law firms, engineering firms, accounting firms, insurance agencies, advertising agencies, and consulting firms that lost less than 25 percent of their annual revenue due to the pandemic were not issued grants.
- **"Another questions that has been raised is how the \$800,000 of the \$20 million not granted to businesses was spent, with specific details, dollar for dollar."**
  - Per 43North's correspondence to the Budget Office, 43North will provide a full copy of their finalized 2020 financial statements related to this program as soon as they are compiled, along with a list of the vendors they used. When the Budget Office is in receipt of these documents, we will provide them to your office.
- **"Of course, questions turn to those that did not receive grants such as BABZ BBQ, woman owned in Akron, NY, Shannon Connors Fitness, woman owned in Lancaster, NY, Major Tom's Drop Zone, Veteran owned in Hamburg, NY, and Thirteen Moneys, Veteran owned in Tonawanda, NY. Could some of these expenses been spared to provide funding to other business in need?"**
  - The listed businesses were not funded for any number of reasons. Among other reasons it is possible they did not score high enough, were deemed ineligible, did not submit a complete application, or did not pass a verification check. Ultimately this was a very successful program with low overhead that delivered needed relief to 1,399 local small businesses. Additional small business support totaling \$284 billion dollars of Paycheck Protection Program loans (convertible to grants) is currently available for struggling small businesses.

Sincerely yours,

Benjamin Swanekamp

RE: Erie County Comptroller Request for Outside Counsel

Dear Deputy Comptroller Kroll:

I am in receipt of and have reviewed your letter of January 29, 2021, requesting outside counsel on Comptroller Mychajliw's behalf. You state in your letter that the Comptroller will be issuing a subpoena directed to 43North SP1 LLC and that the Comptroller is requesting outside counsel because he assumes that 43North SP1 LLC will not comply with said subpoena. It is my position that such a request is premature. Additionally, the retention of outside counsel is unnecessary as 43North SP1 LLC has already provided data to Deputy Budget Director Ben Swanekamp as the designated point of contact for Erie County pursuant to the terms of the grant management agreement between Erie County and 43North SP1 LLC. Today, Deputy Director Swanekamp provided information to your office which is responsive to your information requests of 43North SP1 LLC. Please note that such materials may contain information of a confidential and sensitive nature such that any re-disclosure of same could subject Erie County and the Erie County Comptroller to legal scrutiny and potential liability. Additionally, I understand that 43North SP1 LLC has informed your office that it is in the process of compiling additional information that is also responsive to your earlier requests. Accordingly, I see no need for the Comptroller to have outside counsel retained on his behalf.

Please contact me if you have any questions. Thank you.

Very truly yours,

Michael A. Siragusa

**Re: 20Intro 19-3 Supplemental Information**

Dear Clerk Graber

I am recently in receipt of documents and files from 43North SPI LLC related to the Erie County Back 2 Business grant program. The information in these files answer many of the questions posed to 43North by the Erie County Legislature last year, and as the point of contact for 43North's contract with Erie County I felt it appropriate to share that data with your Honorable Body. This data is supplemental to the report that 43North provided to the Erie County Legislature on December 28<sup>th</sup> 2020.

20Intro 19-3 requested the following information as part of a "full accounting":

- Name of the applicant/business regardless of whether or not they receive a grant
- Name and address of the business
- The type of business
- Grant amount applied for
- Grant amount awarded
- Written reason for any applications that were denied or did not receive a grant award
- Date of the grant award or the date of the decision to deny a grant application
- Date the grant application was received
- The score or rating the application received
- A written description of the algorithm they are using to score or analyze the Erie County Back to Business Grant Program

Most of these items are covered in the attached spreadsheet. A written description of the algorithm used to score the program was included in the Erie County Back to Business Report submitted to the Erie County Legislature last year on pages 11-15. Amounts of awards to grant recipients were also included.

Because many small businesses which are sole proprietorships use their home address as their official address, street addresses have been redacted, as have business names which may be using the

owner's social security number. Dates for award review were on a fixed schedule. Round one review occurred from November 4-9 2020, requests for additional information were made from November 5-13 2020, background verification from a third-party vendor, EvidentID, occurred from November 13-19 2020, secondary review for approval or denial occurred from November 13-20 2020, and checks were cut and mailed from November 20-30 2020.

Per my discussions with the County Attorney's Office and the County's economic development team, as well as 43North, it was made apparent that revealing the score a business received, as well as a written description as to why an application was denied or did not receive a grant award could be potentially damaging to the business, and even expose the county to liability. For this reason, that information is not included on the attached spreadsheet. With this letter we aim to balance the legitimate oversight role of the Erie County Legislature with the privacy interests of small business owners whose only interaction with Erie County has been to be denied a grant.

Lastly, and most importantly, the Back 2 Business Program was designed to be fully compliant with the U.S. CARES Act, and we are prepared for our eventual review by the U.S. Treasury Department Office of the Inspector General.

Sincerely yours,

Benjamin Swanekamp  
Deputy Director of Budget and Management

**ERIE COUNTY COMPTROLLER**  
**HON. STEFAN I. MYCHAJLIW**

February 10, 2021

The Honorable  
Erie County Legislature  
92 Franklin Street – 4<sup>th</sup> Floor  
Buffalo, New York 14202

**RE: Law Department Spending, December 2020**

Dear Honorable Members:

Pursuant to Resolution Intro. 3-2 (2016), as amended, I am providing your honorable body with an accounting of expenses from the county's risk retention fund. As you are aware, the risk retention fund is managed by the County Attorney and is used, in part, to fund outside counsel, settlements, and other lawsuit related costs. Outlined in this report are expenses billed to the risk retention fund for outside counsel by firm and year.

As requested, attached is a record of spending for December 2020 with expenditures adding up to \$527,693.58. In the report, you can get an understanding of what we are paying individual firms for individual cases, without a public release of confidential data related to the case. My office is happy to provide detailed background information for any invoice in the report that may interest you.

In addition to outside counsel spending, the County Attorney also manages an independent fund. This fund is used to pay settlements, expert witnesses, and other sensitive costs associated with the county's defense during litigation. My office retains a detailed record of these expenses; however they are not included in this report because of the sensitive nature of the information contained within the records. They are available to anyone for inspection at any time, by appointment, in my office.

Sincerely,

A handwritten signature in blue ink, appearing to read "G. Gach", is written over the typed name.

**RE: Foreclosure pursuant to the In Rem provisions of the Erie County Tax Act,  
In Rem Action No. 169**

Dear Honorable Members:

Please find attached a resolution and accompanying memorandum for your consideration and approval. It authorizes the County Attorney or his designee to conduct and consummate foreclosure proceedings pursuant to the In Rem provisions of the Erie County Tax Act.

Should your Honorable Body require further information, I encourage you to contact Scott Bylewski at the Department of Real Property Tax Services. Thank you for your consideration on this matter

Sincerely yours,

A handwritten signature in blue ink, reading "Mark C. Poloncarz".

## **MEMORANDUM**

**To:** Honorable Members of the Erie County Legislature  
**From:** Department of Real Property Tax Services  
**Re:** Foreclosure pursuant to In Rem provisions of the Erie County Tax Act,  
In Rem Action No. 169  
**Date:** March 1, 2021

---

### **SUMMARY**

The Erie County Attorney's office or his designee seeks legislative approval to conduct a foreclosure pursuant to the In Rem provisions of the Erie County Tax Act.

The Real Property Tax Services Director has, from the transcripts of properties upon which the County of Erie owns a tax sale certificate which has been due and unpaid for at least a period of two years, created a transcript of properties.

The In Rem Foreclosure will enable the County to recover a substantial amount of tax delinquent dollars.

### **FISCAL IMPLICATIONS**

Positive as once the In Rem Foreclosure is commenced and interested parties provided with notice, delinquent tax sale certificates will be redeemed. Additionally, unredeemed properties may be offered at a public auction and delinquent tax dollars will be paid by the successful bidders.

### **REASONS FOR RECOMMENDATION**

The Erie County Tax Act requires that a transcript of properties be approved by the Erie County Legislature. A transcript is attached which identified properties the County will be foreclosing. The liens held for at least two years after the creation of the tax sale certificates.

### **BACKGROUND INFORMATION**

Erie County owns unpaid 2018 and prior tax sale certificates that can be foreclosed pursuant to the provisions of the Erie County Tax Act.

Due to the Coronavirus and pandemic-related shutdowns, the County is faced with a decrease in revenue.

The County typically recovers a substantial percentage of delinquent tax dollars upon commencement of an In Rem Foreclosure, with approximately 50% of tax sale certificates redeeming once interested parties are provided with the requisite notice.

Despite the economic hardships faced by property owners during the Coronavirus pandemic, the County has recovered approximately \$9,435,000 in delinquent tax dollars in connection with the 2020 In Rem foreclosure, which has not yet proceeded to public auction.

There is no pending legislation or executive or administrative order that prevents the County from pursuing In Rem foreclosure.

The County Attorney's designee for In Rem foreclosure, the law firm of Lippes Mathias Wexler Friedman LLP, has worked extensively with various local legal aid agencies to extend foreclosure relief to eligible tax delinquent property owners in connection to the County's 2020 In Rem Foreclosure. The County will continue to work with these agencies to assist eligible tax delinquent property owners in obtaining In Rem foreclosure relief.

### **CONSEQUENCES OF NEGATIVE ACTION**

The properties identified in the transcript will remain in delinquent status.

### **STEPS FOLLOWING APPROVAL**

The Erie County Attorney's office or his designee will conduct a foreclosure pursuant to the In Rem provisions of the Erie County Tax Act.

A RESOLUTION SUBMITTED BY:  
REAL PROPERTY TAX SERVICES

Re: Foreclosure pursuant to the In Rem provisions of the Erie County Tax Act, In Rem Action No. 169

WHEREAS, the Real Property Tax Services Director has transmitted to this Legislature transcripts of tax delinquencies and tax delinquent real properties for foreclosure pursuant to the In Rem provisions of the Erie County Tax Act, which will be known as In Rem Action No. 169, and has furnished this Legislature with the necessary abstracts from the Real Property Tax Services records of such delinquencies.

NOW, THEREFORE, BE IT

RESOLVED, that the In Rem provisions of the Erie County Tax Act be applied to such real property and the delinquent taxes set forth in said transcripts, as determined by the Real Property Tax Services Director from the transcripts of properties upon which the County of Erie owns a tax sale certificate which has been due and unpaid for a period of at least two years; and be it further

RESOLVED, that the County Attorney or his designee conduct and consummate such foreclosure proceedings known as In Rem Action No. 169 as directed by this Legislature and determined by the Real Property Tax Services Director; and be it further

RESOLVED, that this resolution shall take effect immediately; and be it further

RESOLVED, that certified copies of this resolution be transmitted to the Office of the County Executive, the Office of Budget and Management, the County Attorney, the Office of the Comptroller and the Office of Real Property Tax Services.

**ERIE COUNTY COMPTROLLER**  
**HON. STEFAN I. MYCHAJLIW**

February 18, 2021

The Honorable  
Erie County Legislature  
92 Franklin Street, 4<sup>th</sup> Floor  
Buffalo, NY 14202

Dear Honorable Members,

The Office of the New York State Comptroller notified our office that the second sales tax transfer for the revenue month of December has been received. This is also the final transfer of 2020 revenue, except for minor adjustments of interest earned. Please be advised that the County Share sales tax revenue totaled \$477,449,549.37 for 2020, compared to \$490,511,300.08 for 2019. For the month of December 2020, sales tax revenue was down 6.48% (\$2,732,883.07) compared to 2019.

Data shows total Erie County sales tax revenue was down 2.66% for 2020, a loss of \$13,061,750.71 compared to 2019.

The 2020 County Share of sales tax was not impacted by the Distressed Hospital Aid intercept as budgeted in the State 2020-2021 budget. That impact will affect the 2021 County Share sales tax.

The Office of Erie County Comptroller will continue to monitor this revenue source closely and report data immediately to your honorable body.

If you have any questions or concerns, please do not hesitate to reach out to the Comptroller's Office.

Sincerely,

A handwritten signature in blue ink, appearing to read "Gregory G. Gach", is written over a horizontal line.

Gregory G. Gach  
Deputy Comptroller  
Erie County Comptroller's Office
