

Children's Working Group Give Every Child a Chance to Succeed

**Co-Chairs: Jacqueline Hall, ECDSS
Aimee Neri, NYS Family Court Improvement Project
June 19, 2020
9:00 AM – 10:30 AM**

Attendees: Cyndi Clark, Lynn Pullano, Jacqueline Hall, Sarah Utkin, Kaley Donaldson, Johanna Caplan, Libby Willkomm, Tieza Jonas, Lea Passage, LuAnne Brown, Broderick Cason, Hsa Wah, Catie Gavin, Lisa Neff, Jennifer Levesque, Kelly Dodd, Mary Comtois, Heidi Milch, Tierney Smith

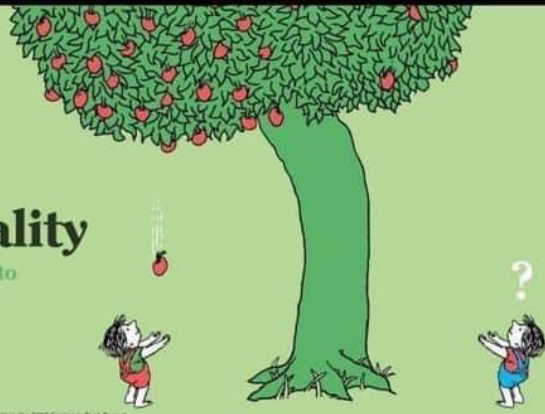

Jaqueline Hall opened the meeting and welcomed the attendees. She summarized the work done in the May meeting and the subgroup meetings. She reminded participants that the subgroup work with Dr. Kuo's COIIN initiative and Rev. Pointer's African American Health Disparities Task Force were the immediate focus of the committee due to the COVID-19 health crisis and the health disparities it illuminated.

Ms. Hall referenced the article shared by Dr. Kuo "The Impact of Racism on Child and Adolescent Health" which was sent to the Working Group previously and which is also included with these minutes. The article does an excellent job of summarizing the impact of racism (manifested implicitly, explicitly and systemically) on child and adolescent health.

Finally, Ms. Hall informed the attendees that the Working Group will return to our asset mapping work and the racial equity tool training during the July meeting. Ms. Hall shared the following image with the group to represent the goal towards which the Children's Working Group is moving – justice.

Inequality

Unequal access to opportunities

Lynn Pullano gave a presentation on how the Children’s Working Group can best support the efforts of the COIIN initiative, and also how the efforts with COIIN can align with the stated goals and initiatives of the Working Group.

The group then shared in round robin fashion the ways in which they or their organization can support the work of the two initiatives - Dr. Kuo’s and Rev. Pointers.
