New Business:

Discussed the proposed Local Law concerning small cell towers. Chairman Metz questioned where the numbers for height came from, looking for clarification from Attorney Trapp. Member Kibbe asked if this law would apply to cable/broadband/wireless systems where antennas are placed on private property/structures. A question was raised as to the wording of the "legislative intent" section of the proposed law.

The Planning Board felt the law was adequate to protect the interests of the Village for this new technology.

CEO Czechowski informed the Planning Board that the Village Board has agreed to include raises for members and secretary for each meeting attended in their preliminary budget. They denied the request for members to be paid for a meeting even if it is canceled by the Chairman.

Chairman Metz entertained a motion for adjournment. Motion was made by Kegler, seconded by Kibbe.

All were in favor and the meeting adjourned at 8:08pm.
